

## BAPTIST MEDICAL PARK – PACE

We are growing to improve your access to Baptist Health Care's quality services and programs. Baptist Medical Park –Pace will be located near the corner of Chumuckla Highway and Highway 90. The project includes two phases. Phase 1 is a two-story, 16,000-square-foot complex that will house Baptist Medical Group (BMG) family practice and specialty physician offices as well as walk-in care, imaging and lab services. Phase 2 involves the renovation of the existing 7,000-square-foot building that will house Andrews Institute Rehabilitation and a BMG Ladies First OB/GYN office. The \$6 million project is an investment in the better health of our community for many years to come.

Completion date: Phase 1—early 2017

Completion date: Phase 2—late summer 2017

Project investment: \$6 million

Square feet: 23,000

Developer: The Pangaea Group

Contractor: Morette Company

Architect: STOA
